## Cross Fields Farm

Where trail meets arena!

"Few equine sports create as intense an interaction between you and your horse as does Endurance Riding. As an Endurance rider my horse and I are joined in such a way that my thoughts and movements are reflected in my horse's responses--which are not always the ones I want!

"Through lessons with Sue, I've learned effective ways to help my horse and me get to the next level. These include, but are not limited to, items such as: advanced ground training; suppling exercises; relaxing the horse's back and improving the horse's flexibility to allow for longer strides; handling the spook; quieting my horse at the start of an endurance ride; and most importantly, how to become a correctly balanced 'package' for my horse to carry. My own abilities and experience would not have allowed my horse to attain her best without assistance from Sue. Thanks for helping us both!"
